brand positioning
importance of branding

With one voice, we will turn heads and hearts to Ohio! TourismOhio is pleased to present to you the brand guidelines that will help us communicate all that can be found in Ohio! Rooted in extensive research, the brand slogan – Ohio. Find It Here. is both functional and emotional. Ohio has the affordability, accessibility and diversity that can appeal to anyone, often. The “it” also illustrates the emotional connection that occurs when you experience Ohio with the ones who matter most to you.

Joy, Love, Anticipation, Opportunity, Happiness, Talent, Romance, Excitement– the brand is broadly applicable for any aspect of Ohio. It was designed with your needs in mind – complementing and enhancing the work you do every day to make Ohio great.

Some people think a brand is a slogan or logo, but it is so much more. It is how people think and feel about the state. Therefore, we must be consistent in the way we talk about Ohio, advertise Ohio, and communicate the experiences people can have in Ohio – and we must be aggressive in our efforts to position the state as a destination of choice.

“To be remarkable, we must be relentless.” We need to consistently be applying our brand in everything we do and say.

The guidelines are for you to use to help deliver the brand to the world. Use them, live them – and remember that by working together – we will amplify our voice and encourage people to Find It Here.

For the good of Ohio,

Matt MacLaren
Director, TourismOhio

brand story

At its core, our brand story is about the meaningful connections people can experience in Ohio. This story conveys both the functional and emotional benefits that Ohio delivers.

It’s not about the world’s highest and fastest roller coasters at Cedar Point. Or tasting the Mastodon dark ale from Rhinegeist in Cincinnati. It’s not about the Brambleberry Crisp ice cream at Jeni’s in the Short North. Or seeing the B-29 Superfortress at the National Museum of the US Air Force.

It’s about getting scared out of your wits with your 10 year old son. It’s about the dark ale bringing out the darkest secrets of your best friend. It’s about your daughter giggling when she gets ice cream on her nose. It’s about tears in your grandfather’s eyes as he relives his flying missions during World War II.

Ultimately, it’s about taking home priceless souvenirs – heart-warming, inspiring memories and deeper connections that you will cherish for the rest of your life.

It’s about Ohio: for those who understand what life’s most important journey is really all about.

Ohio. Find It Here.

portraying the brand

THIS:
+ People sharing connections and experiences
+ The unexpected hipness and coolness of Ohio
+ Events, places and activities at which emotional connections can happen
+ Representation of multicultural consumers
+ Clean, single-minded messaging
+ Creating a sense of place

NOT THIS:
+ Self-deprecating voice/tonality - We can be confident because consumers believe Ohio is relevant and appealing
+ Tribal behavior (We are #1, OH-IO) - This works for sports, but isn’t welcoming when promoting Ohio and may alienate those who aren’t members of the “tribe”
+ Depictions of cows and farms - These images are bucolic and beautiful but don’t set Ohio apart as a distinctive experience from other Midwestern states
+ Over-reliance on nature-focused photographs without people - Nature is beautiful and Ohio has lots of opportunities to depict nature in a distinctive way that elicits emotion
The “It” in “Ohio. Find It Here.” encompasses what to do (functional benefits) and what you’ll experience and feel (emotional benefits).

brand toolkit
the logo
A distinctive, hand-crafted, iconic visual cue that emotionally engages our audience.
logo variations and choosing the correct color

There are four color versions of the logo: red and blue, orange and red, white, and black. These can be used in a vertical or horizontal orientation.

- **2 COLOR VERTICAL LOGO**
  - Only use on white background
- **2 COLOR HORIZONTAL LOGO**
  - Only use on white background
- **WHITE VERTICAL LOGO**
  - Only use on dark colored backgrounds and photos with sufficient contrast
- **WHITE HORIZONTAL LOGO**
  - Only use on dark colored backgrounds and photos with sufficient contrast
- **BLACK VERTICAL LOGO**
  - Only use on light colored backgrounds and photos with sufficient contrast
- **BLACK HORIZONTAL LOGO**
  - Only use on light colored backgrounds and photos with sufficient contrast
clearspace

In order to preserve the integrity of the logo, it is important that no other logos, type, graphic elements or artwork infringe on its space. The minimum clearspace around the logo is equivalent to the “x” height of the letter “h” in the word Ohio inside the logo.

lockup

There is intentionality behind the lockup of the TourismOhio logo. The Ohio mark, tagline and URL are the exact same size for the horizontal and vertical executions. Ohio is the largest, followed by the tagline and lastly the URL. Never change the orientation of the logo.

sizing requirements

For logo size requirements, please contact TourismOhio (see page 27).
what not to do

In order to preserve the integrity of the logo, the following rules should be adhered to at all times. Ensure that the logo is clearly recognizable by using it properly, and do not alter it in any circumstances. Consider the logo version and the background it will be placed on to provide the best legibility. The following examples show various uses to avoid.

1. Don’t change the logo’s orientation.
2. Don’t place the logo on a busy photograph or pattern.
3. Don’t change the logo colors.
4. Don’t crop the logo in any way.
5. Don’t present the logo on “vibrating” colored backgrounds.
6. Don’t present the logo in “outline only” fashion.
7. Don’t place the logo on similarly-colored backgrounds.
8. Don’t add “drop shadow” effects to the logo.
9. Don’t put a white box around the logo when placed on a dark or busy background.
10. Don’t stretch or squeeze the logo to distort proportions.
11. Don’t reconfigure or change the size or placement of any logo elements.
12. Be conscientious about how the logo is placed, specifically if placed over a person’s body.
emotion word + logo

+ When adding a word that conjures emotion to the logo, make sure the size of the emotion word does not exceed the width of the Ohio shape.

+ For a shorter word, such as “joy,” increase the type size slightly so it visually has the same presence as the tagline below.

+ The space between the shape of Ohio and the emotion word should equal the “x” height of the tagline, “find it here.”

+ The emotion words are a great place to introduce the secondary color pallet. Refrain from using our primary orange or red for the emotion words.

+ Always use lowercase letters as well as a period at the end of each emotion word to make it definitive.

+ While the vertical orientation is preferred, a horizontal execution is available upon request.

brand colors

Using the brand colors reinforces the TourismOhio brand. The primary colors, blue, red and orange, are dominant and used the majority of the time, but we understand there may be a need for additional colors within certain applications. We have created a secondary palette that can be used to complement the primary colors or in scenarios where additional colors are needed in areas such as print and digital.

**BLUE**
Blue is familiar to Ohio. It suggests loyalty and integrity. It represents trust, sincerity, wisdom, and intelligence.

**ORANGE**
Orange represents innovation and contemporary thinking. A brighter orange will subliminally be familiar while adding a fresh, new attitude.

**RED**
Red is familiar to Ohio. People are innately attracted to and stimulated by the color red. It represents passion, reflective of the personality of the brand.
brand fonts

It's key to maintain consistency in communication. To accomplish this, we must always use our brand fonts in all print and digital executions.

1. Headline: Handy, lowercase
   Handy's hand-written style, allows us to reinforce the emotional and relational message we want to convey through each piece of communication.

2. BODY COPY: Avenir Next LT Pro, sentence case
   Avenir is a strong supporting font that is easy to read and allows Handy to be the dominate focus in each piece of communication.

photographic style

THIS
Photography focuses on the emotional connection between two or more people while experiencing Ohio.

NOT THIS
Photography with no people, although beautiful, does not focus on an emotional connection.
photographic style

Example of the evolution of photography.

The shot on the right is a beautiful image of an Ohio vineyard. The addition of a couple sharing an emotional experience in the vineyard on the left invites the viewer to connect visually and emotionally.
writing style

In our travel guides and blogs for instance, we are moving away from informational language and towards experiential language, answering “why” rather than an overview of a destination and explains, “What makes this great? Why here and not somewhere else?” For instance:

+ THIS: At Cedar Point, my son and I sat together in the front car on the 93 miles-per-hour Millennium Force. We held hands and screamed like babies. I can’t wait to do it again.

+ NOT THIS: Cedar Point features the world’s tallest and fastest roller coasters. There’s something for everybody to enjoy there.

We are spreading Ohio pride, and not being apologetic for Ohio.

+ THIS: My friends and I decided to catch up and check out a new microbrewery in Athens, Little Fish Brewery. The delicious brew and the cool, unique atmosphere had us there for hours.

+ NOT THIS: My friends and I met up at Little Fish Brewery in Athens where I was shocked to see a cool, unique microbrewery was located in a little town in Ohio.

We keep the main focus on the destination the photography depicts, rather than listing several destinations throughout Ohio.
The foundation of the music package is an Indie version and is the preferred use for brand recognition. Additional genres have been created with the same base melody and can be used with approval from TourismOhio or Ohio Department of Development. These genres are:

+ Indie (this is the preferred genre)
+ Country
+ Pop
+ R&B
+ Rock
+ Romantic
+ Urban

Optimum lengths have been developed to accommodate all platforms and use.

+ **0:05 version**: This is the sonic logo and should end every piece. It is the “hook” that repeats throughout the other versions and helps to subconsciously remember the brand.
+ **0:10 version**: Digital Online; preroll.
+ **0:15 version**: Shared TV spot length, digital online ad, and long preroll.
+ **0:30 version**: Traditional TV spot length and Instagram.
+ **1:00 version**: Used for long commercial spots and Facebook and Twitter.

+ **2:00 version**: This version is ideal for most web videos. YouTube videos and 56% of all videos produced last year were less than 2:00.
+ **3:00 version**: Events, promotions and introductions particularly benefit from this longer format. It can be looped if needed, but the sonic logo should always end the piece leaving the melody in the listener’s consciousness.
Natural sound is an important element in an experiential sound track. The music and natural sound should complement each other and blend seamlessly.

The “hook”, or sonic logo, should never be cut.

In post-production, it is preferred that a music track is laid down to ensure a good match of audio and video.

The “hook”, or sonic logo, should always end the track with full volume. The music bed throughout should vary depending on design.

The State of Ohio owns all rights to the Ohio. Find It Here music. We encourage use by state and local partners at no charge when a Memorandum of Understanding for its use is in place.

All music production should be of the highest quality possible to promote the TourismOhio music brand. Although there are currently no lyrics, TourismOhio reserves the right to require approval and assignment of rights for any lyrics developed in conjunction with this music. A signature of a Memorandum of Understanding is required to use any part of the music package.
